

“Character is the basis of happiness, and happiness the sanction of character.”

**BUILDING CHARACTER MATTERS**

In 1896, the author of this quote—Spanish-American philosopher George Santayana—completed *A Sense of Beauty*, the first modern-era book pertaining to aesthetics. Today, Graff Masonry blends Santayana’s emphasis on the creative imagination with state-of-the-art, 21st Century masonry techniques. Designs are developed in consultation with the customer, and then guided by the professional expertise essential to craft character from a sensory perspective.

**QUALITY THAT LASTS**

Incorporating lasting beauty, brick, stone, and stamped concrete set the construction industry standard. Skilled craftsmanship, however, plays a significant role in the durability of a project. Graff Masonry prides itself on quality workmanship and superior customer service. While cutting corners is something ‘the other guy’ may do to save a few dollars, Graff Masonry’s mantra is quality lasting a lifetime. In southeastern Wisconsin, our reputation for excellence is well known. References are available upon request.

**GENERAL SERVICE AREA**

Conveniently located in the heart of Washington County, Graff Masonry serves customers throughout southeastern Wisconsin. If it’s residential, commercial, industrial, retail or multi-family construction, our skilled craftsman will get the job done right. When quality that lasts makes a difference, give Graff Masonry a call. Estimates are free of charge.

**DIRECTIONS TO GRAFF MASONRY**

Highway 45 to the Highway 60 (Jackson) exit. Proceed east on Highway 60 to County P. Travel north on County P to Northwest Passage, then to Alcan Drive. Graff Masonry is located at N174 W21380 Alcan Drive, in Jackson.

*QUALITY lasting a LIFETIME*

# commercial

With over two-and-a-half decades of experience, Graff Masonry's fine craftsmanship brings quality and dependability to commercial sites.

## EQUIPMENT

To get the job done right from day one, Graff Masonry owns and maintains the equipment needed to efficiently complete commercial and residential construction.

*Graff Masonry has the equipment to haul heavy loads.*

*This laser screed is capable of pouring large indoor and outdoor concrete floors*

*A Takeuchi mini-excavator is used for additions, remodeling projects, small excavation, and new construction.*

# residential

At Graff Masonry, no project is too big or too small. Our customer service model is predicated on aesthetics, quality, and durability.

Whether it is a stone or brick veneer, a well designed fireplace, a patio, or a beautiful winding walkway, Graff Masonry's craftsmanship and quality service are second to none.

## tools of the trade

- Laser screed
- Takeuchi mini-excavator
- Riding finishing machines
- Hand finishing machines
- Power buggy
- Skidloader
- Forklift
- Quad axle dump truck
- Hydro mobile scaffolding
- Trucking capabilities

## STAMPED CONCRETE

When installed by a qualified professional and properly maintained, stamped concrete is durable and will last for decades. Stamped concrete flows well with architectural and landscape designs. A customized graphic design stamp gives concrete a certain individualistic flare.
