

The difference  
begins at our door

As a part of the community for nearly four decades, the experienced professionals at Wales Lawn & Garden provide personal customer care that is second to none. Some see our shop as a 'throw back' to simpler times, when a business owner and the person working the counter knew their customers by name. Yet a commitment to quality service begins with a superior product. At Wales Lawn & Garden, our name is synonymous with the Simplicity lawn and garden equipment we sell and service.

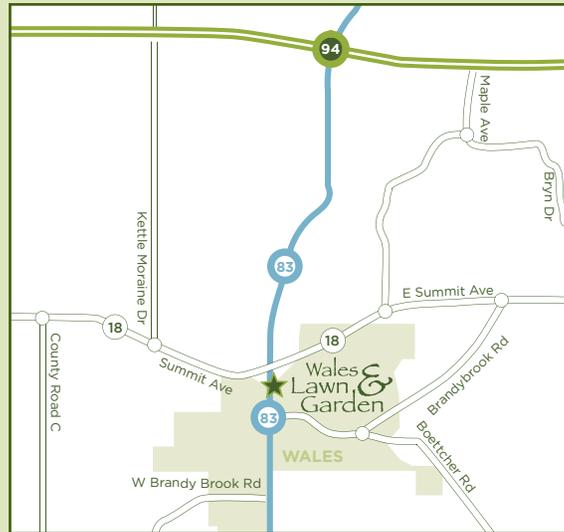

As one of Wisconsin's longest serving Simplicity dealers, the Wales Lawn & Garden factory-trained team of service technicians

is well aware of what it takes to keep machines operating efficiently and effectively.

Whether it's a routine blade sharpening, an oil change, or a detailed engine repair, no job is too big or too small for us to handle. The 10,000 genuine Simplicity parts in stock and readily available allow our staff to maintain and service equipment in a timely manner.

### Lawn Care Needs

Wales Lawn & Garden carries four grass mixes, each specifically blended to accommodate local soil conditions. To ensure the seed is fresh, shipments arrive weekly during the growing season. This quality seed is purchased in bulk, which means the customer can select just the right amount to get the job done.

To enhance the beauty of existing lawns, Wales Lawn & Garden also carries a large selection of fertilizers.

### Helping Your Garden Grow

A well groomed yard creates a lasting impression, and punctuates a certain pride of homeownership. Plants, trees, and flowers compliment a plush, green lawn, and accent the warmth and character of a home.

The Wales Lawn & Garden nursery and greenhouse carefully cultivates northern grown plants. The potted plants maintained in our nursery are backed-up with a full guarantee, and our annual evergreen transplant sale receives state-wide attention.

### A Better Outdoor Experience

Enjoy and improve outdoor living areas with a distinctive bench, a patio fireplace, planters, bird baths, lawn ornaments or chimes. Wales Lawn & Garden's outstanding collection of stone, concrete, and aggregate stock is the best in the area.

### Domestic Pet & Wildlife Supplies

Wales Lawn & Garden is also a one-stop shop for dog and cat needs. We carry a full line of Solid Gold, NutriSource, Joy, Science Diet, and Fromm dog and cat foods.

Much of the inherent beauty of western Waukesha County stems from the abundance of wildlife. Birds, wild turkeys, squirrels and white tail deer are often attracted by those of us willing to lend a helping hand. Wales Lawn & Garden stocks ten different bird seed mixes. We also maintain a large supply of unique bird houses and feeders. Corn, peanuts, and other wildlife food mixes are also available for non-domesticated animals.

### Proud to be a Part of Our Community

Unlike the big box stores, Wales Lawn & Garden has a reputation for standing by its products and services. Most certainly, we are a business that thrives by providing continued support to our many loyal customers.

Please stop by, and take notice of the individuals who serve you. Some are students from nearby Kettle Moraine High School. Thanks to your continued patronage, we are able to provide these young people with the opportunity to learn the truly American values of hard work, self sufficiency, and entrepreneurialism.

With our humble beginnings and strong local roots, the Wales Lawn & Garden commitment to providing truly outstanding customer service remains our hallmark. The Latin phrase *Secundus ut nullus* (Second to none), is not just a slogan, it is our way of doing business.
